

**OT AUSTRALIA NSW**

Australian Association of Occupational Therapists - New South Wales

## Computer Aided Drawing Program

27th July 2010

**Parramatta**

**Venue:** Northcott Conference and Function Centre, 1 Fennell St, Parramatta, NSW

**Times:** 8.30am - 4.30pm

**Cost:** Members: \$247.50 (includes GST) Non Members \$495 (includes GST)

Include comprehensive notes, equipment as well as morning tea, lunch, and afternoon teas.

**COURSE CONTENT:** The workshop offers a variety of training focusing on electronic home modification requests (CAD). Sessions include information on using standard programs on a PC (such as Word and Paint), to more complex home modification recommendations using Google SketchUp 7 (a free download which enables 3-D modeling and allows insertion of photos as a background). Computers are provided with software installed so sessions are completely 'hands-on'.

### Learning outcomes include:

Hands-on experience using a variety of computer programs for Home mods.

Able to create clear, professional, **electronic** home modification requests.

Have an understanding of the logistical issues associated with sharing diagrams electronically.

Specific learning outcomes for each course will vary.

**About the Presenter:** Melanie Dennis is a private occupational therapist from South Australia. Melanie has worked as an occupational therapist for over eleven years, with the vast majority of this time spent as a community based occupational therapist in rural settings. She has been working

privately in her local area for over seven years, providing clinical services.

Melanie relies on technology to minimise time spent duplicating, entering and calculating information, as well as improving communication and reducing her reliance on paper. Technology is an essential part of her day to day practice, as well as being an area of professional interest. Melanie regularly explores and trials different applications and she has high expectations of what information

technology will allow in the future of her business. She enjoys sharing her knowledge and experience with others and has given numerous presentations on the use of information technology within her profession.
