Participant Outcomes:

By the end of this workshop, participants will be able to:

- Explain the occupational therapy home modifications assessment process within the unique context of the person and their environment
- Describe the relevance of the Australian Standards to modifications in the home environment
- Engage in the clinical reasoning process when prescribing home modifications
- Draw plans for home modifications to scale
- Identify creative solutions to problems within the home environment and determine the preferred option with the client and relevant others
- Articulate the principles relevant to:
 - * rail placement
 - * ramp installation
 - * bathroom modifications

Outline the medico-legal issues related to the planning and implementation of home modifications

Document information relevant to home modifications for clients which demonstrate clinical reasoning and are outcome based.

About the Presenter: Sandi Lightfoot-Collins

Sandi holds a B App Sc.(OT) from the University of Sydney (U Syd) 1984; a Graduate Diploma in Gerontology (U Syd), 1988; a certificate in Disability Principles for the Built Environment (NSW TAFE 2001) and a Certificate in OH & S Risk Management for Supervisors and Managers (NSW TAFE), 2003. She has been an OT for 21 years. For the last ten years Sandi has coordinated a Level 1 and Level 2 HMMS for South Western Sydney Area Health Service (SWSAHS). Sandi has also presented at conferences and undertaken invitations to present on environmental
