NATIONALISATION NEWSLETTER UP-DATE October 2008

A number of National Councillors have volunteered to assist in further refinement of the Operations Plan (previously referred to as the Business Plan) for the proposed single entity. National Councillors, including Jan Erven and Di Crocker have sent further feedback to National Office and this will be considered in the final review of the plan.

Once completed, the plan will be available for preview by all members via the National Website. Members will be notified when the Operations Plan is available for perusal.
